Australia's World Class Lures

V150, V150X Viper

The **Viper** has established a reputation as one of the premium Barra lures in Australia. This has also flowed on to international species with success in many countries around the world.

Rock'n Roll Action.

The **Viper** has a unique shape and Rock'n Roll action that is enticing to barra and other species. It has proven itself with thousands of captures and several world records. It's vibrant action and loud built in rattles ensure results.

S150X 2 x 2/0

H150, H150X HyperViper **HyperViper** is the third generation of the **Predatek Viper** family. It is the result of demand for an ultra-deep **Viper**, that barramundi fisherman need to fish the deep holes of rivers like the Daly in the NT and the large impoundments of Queensland. These environments demand a lure that will reach a depth of 8 metres plus, the **HyperViper** delivers. It has the unique **Viper** vibrant action, a steep angle of descent, loud rattles and great colour schemes. It still has good castability to create action around snags in deep water.
